## OUR STORY

ili New York is known for  
**quality leather products** that  
offer **outstanding designs**,  
**function**, and **exceptional prices**.

The founders realized most leather wallets in the US were not affordable for the majority of consumers. They decided to manufacture quality leather wallets at affordable prices.

Thirty years later, our line has expanded to include handbags, gloves and a variety of small leather goods.

ili New York is a family-owned business established in 1988 and headquartered in New York City.
